Investment Philosophy

We believe that **earnings** growth is the primary driver of stock prices over the long term, and that excess return can be achieved by investing in those companies with **improving business fundamentals**.

Investment Strategy

A process that emphasizes the **direction of growth** over the absolute level of growth

A focus on **actual** fundamental improvements **vs. anticipated improvements** enhance our success rate

A disciplined analysis focused on the **magnitude and sustainability** of the driver of fundamental improvement

Supplemental Disclosures

Composite Performance reflects reinvestment of all income and capital gains and is shown in US dollars and after the deduction of transaction costs. Composite Performance is shown gross and net of actual management fees charged. Actual investment advisory fees incurred by clients may vary. Additional information on the calculation methodologies used herein is available upon request. Indexes are unmanaged, do not incur management fees and cannot be invested in directly. The Composite and index returns are net of any foreign withholding taxes on dividends, interest, and capital gains. The Russell 2000 Growth Index represents a segment of the Russell 2000 Index that display signs of above average growth. The Russell 2000 Index is an index measuring the performance of approximately 2,000 U.S. small-cap companies. Past performance is not indicative of future results. Performance during certain periods reflect strong stock market performance that is not typical and may not be repeated.
